## Overview

|              |                                                          |
|--------------|----------------------------------------------------------|
| Quantity:    | 100 µL                                                   |
| Target:      | MRPL12                                                   |
| Reactivity:  | Human, Mouse                                             |
| Host:        | Rabbit                                                   |
| Clonality:   | Polyclonal                                               |
| Conjugate:   | This MRPL12 antibody is un-conjugated                    |
| Application: | Western Blotting (WB), ELISA, Immunohistochemistry (IHC) |

## Product Details

|               |                                 |
|---------------|---------------------------------|
| Immunogen:    | Fusion protein of human MRPL12. |
| Isotype:      | IgG                             |
| Purification: | Antigen Affinity Chromatography |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | MRPL12                                     |
| Alternative Name: | MRPL12 ( <a href="#">MRPL12 Products</a> ) |
| Gene ID:          | 6182                                       |
| UniProt:          | <a href="#">P52815</a>                     |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | PBS, pH 7.4, containing 0.05 % Sodium azide and 40 % Glycerol.                                                         |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                          |
| Storage Comment:   | Aliquot and store at -20 °C or -80 °C. Avoid repeated freeze/thaw cycles.                                              |
