## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | EIF3G                                |
| Binding Specificity: | AA 2-320                             |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This EIF3G antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |                                                                                           |
|---------------|-------------------------------------------------------------------------------------------|
| Immunogen:    | Recombinant human Eukaryotic translation initiation factor 3 subunit G protein (2-320AA). |
| Isotype:      | IgG                                                                                       |
| Purification: | Protein G                                                                                 |

## Target Details

|                   |                                                                |
|-------------------|----------------------------------------------------------------|
| Target:           | EIF3G                                                          |
| Alternative Name: | EIF3G ( <a href="#">EIF3G Products</a> )                       |
| Gene ID:          | 8666                                                           |
| UniProt:          | <a href="#">O75821</a>                                         |
| Pathways:         | <a href="#">Ribonucleoprotein Complex Subunit Organization</a> |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Buffer:            | 0.01 M PBS, pH 7.4, 0.03 % Proclin-300 and 50 % Glycerol.                                                         |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                     |
| Storage Comment:   | Aliquot and store at -20 °C or -80 °C. Avoid repeated freeze/thaw cycles.                                         |
