## Overview

|                      |                                           |
|----------------------|-------------------------------------------|
| Quantity:            | 100 µL                                    |
| Target:              | MED31                                     |
| Binding Specificity: | AA 2-72                                   |
| Reactivity:          | Human                                     |
| Host:                | Rabbit                                    |
| Clonality:           | Polyclonal                                |
| Conjugate:           | This MED31 antibody is conjugated to FITC |
| Application:         | ELISA                                     |

## Product Details

|               |                                                                                            |
|---------------|--------------------------------------------------------------------------------------------|
| Immunogen:    | Recombinant human Mediator of RNA polymerase II transcription subunit 31 protein (2-72AA). |
| Isotype:      | IgG                                                                                        |
| Purification: | Protein G                                                                                  |

## Target Details

|                   |                                                                |
|-------------------|----------------------------------------------------------------|
| Target:           | MED31                                                          |
| Alternative Name: | Mediator complex subunit 31 ( <a href="#">MED31 Products</a> ) |
| Gene ID:          | 51003                                                          |
| UniProt:          | <a href="#">Q9Y3C7</a>                                         |
| Pathways:         | <a href="#">Regulation of Lipid Metabolism by PPARalpha</a>    |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Buffer:            | 0.01 M PBS, pH 7.4, 0.03 % Proclin-300 and 50 % Glycerol.                                                         |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                     |
| Storage Comment:   | Aliquot and store at -20 °C or -80 °C. Avoid exposure to light. Avoid repeated freeze/thaw cycles.                |
