## Overview

|                      |                                                                         |
|----------------------|-------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                  |
| Target:              | SFT2D2                                                                  |
| Binding Specificity: | AA 1-36                                                                 |
| Reactivity:          | Human, Mouse                                                            |
| Host:                | Rabbit                                                                  |
| Clonality:           | Polyclonal                                                              |
| Conjugate:           | This SFT2D2 antibody is un-conjugated                                   |
| Application:         | Western Blotting (WB), ELISA, Immunofluorescence (fixed cells) (IF/ICC) |

## Product Details

|               |                                                                     |
|---------------|---------------------------------------------------------------------|
| Immunogen:    | Recombinant human Vesicle transport protein SFT2B protein (1-36AA). |
| Isotype:      | IgG                                                                 |
| Purification: | Protein G                                                           |

## Target Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Target:           | SFT2D2                                     |
| Alternative Name: | SFT2D2 ( <a href="#">SFT2D2 Products</a> ) |
| Gene ID:          | 375035                                     |
| UniProt:          | <a href="#">O95562</a>                     |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
|--------------------|--------------------------------------------------------------------|

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

|         |        |
|---------|--------|
| Format: | Liquid |
|---------|--------|

|         |                                                           |
|---------|-----------------------------------------------------------|
| Buffer: | 0.01 M PBS, pH 7.4, 0.03 % Proclin-300 and 50 % Glycerol. |
|---------|-----------------------------------------------------------|

|               |         |
|---------------|---------|
| Preservative: | ProClin |
|---------------|---------|

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
|--------------------|-------------------------------------------------------------------------------------------------------------------|

|          |               |
|----------|---------------|
| Storage: | -20 °C,-80 °C |
|----------|---------------|

|                  |                                                                           |
|------------------|---------------------------------------------------------------------------|
| Storage Comment: | Aliquot and store at -20 °C or -80 °C. Avoid repeated freeze/thaw cycles. |
|------------------|---------------------------------------------------------------------------|
