

Datasheet for ABIN6091973

**anti-IRF8 antibody (AA 1-424) (FITC)**[Go to Product page](#)

## Overview

|                      |                                          |
|----------------------|------------------------------------------|
| Quantity:            | 100 µL                                   |
| Target:              | IRF8                                     |
| Binding Specificity: | AA 1-424                                 |
| Reactivity:          | Mouse                                    |
| Host:                | Rabbit                                   |
| Clonality:           | Polyclonal                               |
| Conjugate:           | This IRF8 antibody is conjugated to FITC |
| Application:         | ELISA                                    |

## Product Details

|               |                                                                     |
|---------------|---------------------------------------------------------------------|
| Immunogen:    | Recombinant mouse Interferon regulatory factor 8 protein (1-424AA). |
| Isotype:      | IgG                                                                 |
| Purification: | Protein G                                                           |

## Target Details

|                   |                                                                   |
|-------------------|-------------------------------------------------------------------|
| Target:           | IRF8                                                              |
| Alternative Name: | Irf8 ( <a href="#">IRF8 Products</a> )                            |
| Gene ID:          | 15900                                                             |
| UniProt:          | <a href="#">P23611</a>                                            |
| Pathways:         | <a href="#">Cellular Response to Molecule of Bacterial Origin</a> |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Buffer:            | 0.01 M PBS, pH 7.4, 0.03 % Proclin-300 and 50 % Glycerol.                                                         |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                     |
| Storage Comment:   | Aliquot and store at -20 °C or -80 °C. Avoid exposure to light. Avoid repeated freeze/thaw cycles.                |
