

Datasheet for ABIN6099386  
**anti-HCLS1 antibody (Tyr397)**

[Go to Product page](#)

## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | HCLS1                                |
| Binding Specificity: | Tyr397                               |
| Reactivity:          | Human                                |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This HCLS1 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |                                                                                              |
|---------------|----------------------------------------------------------------------------------------------|
| Immunogen:    | Synthesized peptide derived from human Lck BP-1 around the non-phosphorylation site of Y397. |
| Isotype:      | IgG                                                                                          |
| Purification: | Affinity Chromatography                                                                      |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | HCLS1                                    |
| Alternative Name: | HCLS1 ( <a href="#">HCLS1 Products</a> ) |
| Gene ID:          | 3059                                     |
| UniProt:          | <a href="#">P14317</a>                   |

### Target Details

|           |                                                                                                                                                                                                                                                                                                                         |
|-----------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

### Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | PBS containing 50 % glycerol, 0.5 % BSA and 0.02 % sodium azide.                                                       |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                          |
| Storage Comment:   | Aliquot and store at -20 °C or -80 °C. Avoid repeated freeze/thaw cycles.                                              |
