## Overview

|                      |                                       |
|----------------------|---------------------------------------|
| Quantity:            | 100 µL                                |
| Target:              | Merlin (NF2)                          |
| Binding Specificity: | Ser10                                 |
| Reactivity:          | Human, Mouse, Rat                     |
| Host:                | Rabbit                                |
| Clonality:           | Polyclonal                            |
| Conjugate:           | This Merlin antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA          |

## Product Details

|               |                                                                                        |
|---------------|----------------------------------------------------------------------------------------|
| Immunogen:    | Synthesized peptide derived from human NF2 around the non-phosphorylation site of S10. |
| Isotype:      | IgG                                                                                    |
| Purification: | Affinity Chromatography                                                                |

## Target Details

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Target:           | Merlin (NF2)                                    |
| Alternative Name: | NF2 ( <a href="#">NF2 Products</a> )            |
| Gene ID:          | 4771                                            |
| UniProt:          | <a href="#">P35240</a>                          |
| Pathways:         | <a href="#">Cell-Cell Junction Organization</a> |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Buffer:            | PBS containing 50 % glycerol, 0.5 % BSA and 0.02 % sodium azide.                                                       |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                          |
| Storage Comment:   | Aliquot and store at -20 °C or -80 °C. Avoid repeated freeze/thaw cycles.                                              |
