## Overview

|                      |                                                          |
|----------------------|----------------------------------------------------------|
| Quantity:            | 100 µL                                                   |
| Target:              | TAAR5                                                    |
| Binding Specificity: | AA 1-34                                                  |
| Reactivity:          | Human, Mouse, Rat                                        |
| Host:                | Rabbit                                                   |
| Clonality:           | Polyclonal                                               |
| Conjugate:           | This TAAR5 antibody is un-conjugated                     |
| Application:         | ELISA, Western Blotting (WB), Immunohistochemistry (IHC) |

## Product Details

|               |                                                                       |
|---------------|-----------------------------------------------------------------------|
| Immunogen:    | Recombinant Human Trace amine-associated receptor 5 protein (1-34AA). |
| Isotype:      | IgG                                                                   |
| Purification: | Protein G                                                             |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | TAAR5                                    |
| Alternative Name: | TAAR5 ( <a href="#">TAAR5 Products</a> ) |
| Gene ID:          | 9038                                     |
| UniProt:          | <a href="#">O14804</a>                   |

Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

Handling

|                    |                                                                                                                   |
|--------------------|-------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                            |
| Buffer:            | 0.01 M PBS, pH 7.4, 0.03 % Proclin-300 and 50 % Glycerol.                                                         |
| Preservative:      | ProClin                                                                                                           |
| Precaution of Use: | This product contains ProClin: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C,-80 °C                                                                                                     |
| Storage Comment:   | Aliquot and store at -20 °C or -80 °C. Avoid repeated freeze/thaw cycles.                                         |
