## Overview

|              |                                                  |
|--------------|--------------------------------------------------|
| Quantity:    | 150 µg                                           |
| Target:      | Azurocidin (AZU1)                                |
| Reactivity:  | Human                                            |
| Host:        | Rabbit                                           |
| Clonality:   | Polyclonal                                       |
| Conjugate:   | This Azurocidin antibody is un-conjugated        |
| Application: | Enzyme Immunoassay (EIA), Radioimmunoassay (RIA) |

## Product Details

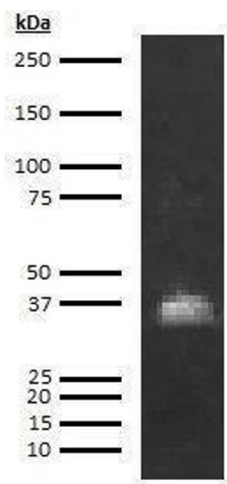

|          |     |
|----------|-----|
| Isotype: | IgG |
|----------|-----|

## Target Details

|                   |                                              |
|-------------------|----------------------------------------------|
| Target:           | Azurocidin (AZU1)                            |
| Alternative Name: | Azurocidin ( <a href="#">AZU1 Products</a> ) |

## Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|
