

## Datasheet for ABIN6204772

### GGPS1 ELISA Kit

[Go to Product page](#)

#### Overview

|                          |                        |
|--------------------------|------------------------|
| Quantity:                | 96 tests               |
| Target:                  | GGPS1                  |
| Reactivity:              | Human                  |
| Method Type:             | Sandwich ELISA         |
| Detection Range:         | 0.313 ng/mL - 20 ng/mL |
| Minimum Detection Limit: | 0.313 ng/mL            |
| Application:             | ELISA                  |

#### Product Details

|                    |                                                      |
|--------------------|------------------------------------------------------|
| Purpose:           | Human GGPS1 ELISA Kit is an ELISA Kit against GGPS1. |
| Sample Type:       | Plasma, Serum                                        |
| Analytical Method: | Quantitative                                         |
| Detection Method:  | Colorimetric                                         |
| Sensitivity:       | < 0.188 ng/mL                                        |

#### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | GGPS1                                    |
| Alternative Name: | GGPS1 ( <a href="#">GGPS1 Products</a> ) |
| UniProt:          | <a href="#">O95749</a>                   |

Application Details

Application Notes:                      Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5 % within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout. Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user.

Standard Form: Lyophilized

Plate:                                      Pre-coated

Restrictions:                            For Research Use only

Handling

Storage:                                  4 °C/-20 °C

Storage Comment:                      Upon receipt, store the kit according to the storage instruction in the kit's manual.

Expiry Date:                              6 months
