## Datasheet for ABIN6229541

### Caspase ELISA Kit

#### Overview

|                          |                          |
|--------------------------|--------------------------|
| Quantity:                | 96 tests                 |
| Target:                  | Caspase (CASP)           |
| Reactivity:              | Rabbit                   |
| Method Type:             | Sandwich ELISA           |
| Detection Range:         | 31.25 ng/mL - 2000 ng/mL |
| Minimum Detection Limit: | 31.25 ng/mL              |
| Application:             | ELISA                    |

#### Product Details

|                    |   |
|--------------------|---|
| Purpose:           | Rabbit Caspase 10 ELISA Kit is an ELISA Kit against Caspase 10. |
| Sample Type:       | Plasma, Serum   |
| Analytical Method: | Quantitative  |
| Detection Method:  | Colorimetric  |
| Sensitivity:       | 18.75 ng/mL   |

#### Target Details

|                   |   |
|-------------------|---|
| Target:           | Caspase (CASP)                            |
| Alternative Name: | Caspase ( <a href="#">CASP Products</a> ) |

## Application Details

---

|                    |   |
|--------------------|---|
| Application Notes: | Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5 % within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout. Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user. |
|--------------------|---|

---

|        |            |
|--------|------------|
| Plate: | Pre-coated |
|--------|------------|

---

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

---

## Handling

---

|          |             |
|----------|-------------|
| Storage: | 4 °C/-20 °C |
|----------|-------------|

---

|                  |   |
|------------------|---|
| Storage Comment: | Upon receipt, store the kit according to the storage instruction in the kit's manual. |
|------------------|---|

---
