**PAXIP1 ELISA Kit**

## Overview

|                          |                        |
|--------------------------|------------------------|
| Quantity:                | 96 tests               |
| Target:                  | PAXIP1                 |
| Reactivity:              | Human                  |
| Method Type:             | Sandwich ELISA         |
| Detection Range:         | 0.313 ng/mL - 20 ng/mL |
| Minimum Detection Limit: | 0.313 ng/mL            |
| Application:             | ELISA                  |

## Product Details

|                    |  |
|--------------------|--|
| Purpose:           | Human PTIP ELISA Kit is an ELISA Kit against PTIP. |
| Sample Type:       | Plasma, Serum, Tissue Homogenate                   |
| Analytical Method: | Quantitative                                       |
| Detection Method:  | Colorimetric                                       |
| Sensitivity:       | < 0.188 ng/mL                                      |

## Target Details

|                   |  |
|-------------------|--|
| Target:           | PAXIP1   |
| Alternative Name: | PTIP ( <a href="#">PAXIP1 Products</a> )   |
| UniProt:          | <a href="#">Q6ZW49</a>   |
| Pathways:         | <a href="#">Regulation of Leukocyte Mediated Immunity</a> , <a href="#">Positive Regulation of Immune Effector Process</a> , |

## Target Details

---

### Production of Molecular Mediator of Immune Response

## Application Details

---

|                    |   |
|--------------------|---|
| Application Notes: | <p>Stability: The stability of the kit is determined by the rate of activity loss. The loss rate is less than 5 % within the expiration date under appropriate storage conditions. To minimize performance fluctuations, operation procedures and lab conditions should be strictly controlled. It is also strongly suggested that the whole assay is performed by the same user throughout.</p> <p>Recommended dilutions: Optimal dilutions/concentrations should be determined by the end user.</p> <p>Standard Form: Lyophilized</p> |
|--------------------|---|

|        |            |
|--------|------------|
| Plate: | Pre-coated |
|--------|------------|

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

---

|          |             |
|----------|-------------|
| Storage: | 4 °C/-20 °C |
|----------|-------------|

|                  |   |
|------------------|---|
| Storage Comment: | Upon receipt, store the kit according to the storage instruction in the kit's manual. |
|------------------|---|

|              |          |
|--------------|----------|
| Expiry Date: | 6 months |
|--------------|----------|
