Datasheet for ABIN6243700  
**anti-PPP1R13L antibody (AA 455-485)**

1 Image

### Overview

|                      |   |
|----------------------|---|
| Quantity:            | 400 µL                                  |
| Target:              | PPP1R13L                                |
| Binding Specificity: | AA 455-485                              |
| Reactivity:          | Human                                   |
| Host:                | Rabbit                                  |
| Clonality:           | Polyclonal                              |
| Conjugate:           | This PPP1R13L antibody is un-conjugated |
| Application:         | Western Blotting (WB)                   |

### Product Details

|               |  |
|---------------|--|
| Immunogen:    | This PPP1R13L antibody is generated from a rabbit immunized with a KLH conjugated synthetic peptide between 455-485 amino acids from the Central region of human PPP1R13L. |
| Clone:        | RB53804  |
| Isotype:      | Ig Fraction  |
| Purification: | This antibody is purified through a protein A column, followed by peptide affinity purification.   |

### Target Details

|                   |  |
|-------------------|--|
| Target:           | PPP1R13L   |
| Alternative Name: | PPP1R13L ( <a href="#">PPP1R13L Products</a> )   |
| Background:       | Regulator that plays a central role in regulation of apoptosis and transcription via its interaction |

## Target Details

with NF-kappa-B and p53/TP53 proteins. Blocks transcription of HIV-1 virus by inhibiting the action of both NF-kappa-B and SP1. Also inhibits p53/TP53 function, possibly by preventing the association between p53/TP53 and ASPP1 or ASPP2, and therefore suppressing the subsequent activation of apoptosis.

Molecular Weight: 89091

UniProt: [Q8WUF5](#)

## Application Details

Application Notes: WB: 1:2000

Restrictions: For Research Use only

## Handling

Format: Liquid

Buffer: Purified polyclonal antibody supplied in PBS with 0.09 % (W/V) sodium azide.

Preservative: Sodium azide

Precaution of Use: This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only.

Storage: 4 °C,-20 °C

Expiry Date: 6 months
