Target Details	
Alternative Name:	PARP1 (PARP1 Products)
Background:	Description: Involved in the base excision repair (BER) pathway, by catalyzing the poly(ADP-
	ribosyl)ation of a limited number of acceptor proteins involved in chromatin architecture and in
	DNA metabolism. This modification follows DNA damages and appears as an obligatory step ir
	a detection/signaling pathway leading to the reparation of DNA strand breaks
	(PubMed:17177976, PubMed:18172500, PubMed:19344625, PubMed:19661379,
	PubMed:23230272). Mediates the poly(ADP-ribosyl)ation of APLF and CHFR
	(PubMed:17396150). Positively regulates the transcription of MTUS1 and negatively regulates
	the transcription of MTUS2/TIP150. With EEF1A1 and TXK, forms a complex that acts as a T- $$
	helper 1 (Th1) cell-specific transcription factor and binds the promoter of IFN-gamma to
	directly regulate its transcription, and is thus involved importantly in Th1 cytokine production
	(PubMed:17177976). Required for PARP9 and DTX3L recruitment to DNA damage sites
	(PubMed:23230272). PARP1-dependent PARP9-DTX3L-mediated ubiquitination promotes the
	rapid and specific recruitment of 53BP1/TP53BP1, UIMC1/RAP80, and BRCA1 to DNA damage
	sites (PubMed:23230272). Mediates serine ADP-ribosylation of target proteins following
	interaction with HPF1, HPF1 conferring serine specificity (PubMed:28190768). Mediates the
	poly(ADP-ribosyl)ation of histones in a HPF1-dependent manner (PubMed:27067600). Involved
	in the synthesis of ATP in the nucleus, together with NMNAT1, PARG and NUDT5
	(PubMed:27257257). Nuclear ATP generation is required for extensive chromatin remodeling
	events that are energy-consuming (PubMed:27257257).

Immunohistochemistry

Image 1. ABIN6277453 at 1/100 staining Rat brain tissue by IHC-P. The sample was formaldehyde fixed and a heat mediated antigen retrieval step in citrate buffer was performed. The sample was then blocked and incubated with the antibody for 1.5 hours at 22_i ãC. An HRP conjugated goat anti-rabbit antibody was used as the secondary

Western Blotting
