## Overview

|              |                                                                                              |
|--------------|----------------------------------------------------------------------------------------------|
| Quantity:    | 200 µL                                                                                       |
| Target:      | SERPING1                                                                                     |
| Reactivity:  | Human                                                                                        |
| Host:        | Mouse                                                                                        |
| Clonality:   | Monoclonal                                                                                   |
| Conjugate:   | This SERPING1 antibody is conjugated to Biotin                                               |
| Application: | Western Blotting (WB), Immunohistochemistry (IHC), Immunofluorescence (fixed cells) (IF/ICC) |

## Product Details

|               |                                                             |
|---------------|-------------------------------------------------------------|
| Isotype:      | IgG                                                         |
| Purification: | Purified by Protein A and Protein G affinity chromatography |

## Target Details

|                   |                                                              |
|-------------------|--------------------------------------------------------------|
| Target:           | SERPING1                                                     |
| Alternative Name: | Complement 1 Inhibitor ( <a href="#">SERPING1 Products</a> ) |
| Pathways:         | <a href="#">Complement System</a>                            |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Restrictions:      | For Research Use only                                              |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | 500 µg/mL                                                                                                              |
| Buffer:            | PBS, pH 7.4, containing 0.02 % Sodium azide, 50 % glycerol.                                                            |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | 4 °C                                                                                                                   |
| Storage Comment:   | Store at 4 °C. Avoid exposure to light.                                                                                |
