

Datasheet for ABIN6389051  
**anti-NR0B2 antibody (AA 30-110)**

[Go to Product page](#)

## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | NR0B2                                |
| Binding Specificity: | AA 30-110                            |
| Reactivity:          | Human, Rat, Mouse                    |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This NR0B2 antibody is un-conjugated |
| Application:         | Western Blotting (WB), ELISA         |

## Product Details

|               |                                                                                                                         |
|---------------|-------------------------------------------------------------------------------------------------------------------------|
| Purpose:      | Unconjugated Rabbit polyclonal to NR0B2                                                                                 |
| Immunogen:    | Synthesized peptide derived from human NR0B2 protein.                                                                   |
| Isotype:      | IgG                                                                                                                     |
| Specificity:  | NR0B2 Polyclonal Antibody detects endogenous levels of protein.                                                         |
| Purification: | NR0B2 antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | NR0B2                                    |
| Alternative Name: | NR0B2 ( <a href="#">NR0B2 Products</a> ) |

### Target Details

|                   |                                                                                                                                                                                                                                                                   |
|-------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Molecular Weight: | 28 kDa                                                                                                                                                                                                                                                            |
| Gene ID:          | 8431                                                                                                                                                                                                                                                              |
| UniProt:          | <a href="#">Q15466</a>                                                                                                                                                                                                                                            |

### Application Details

|                    |                                                                      |
|--------------------|----------------------------------------------------------------------|
| Application Notes: | WB 1:500-2000 ELISA 1:5000-20000                                     |
| Comment:           | Liver. Low levels of expression were detected in heart and pancreas. |
| Restrictions:      | For Research Use only                                                |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | 1 mg/mL                                                                                                                |
| Buffer:            | Liquid form in PBS containing 50 % glycerol, and 0.02 % sodium azide.                                                  |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20°C, and avoid repeat freeze-thaw cycles.                                                                   |
