

## Datasheet for ABIN6389815 **anti-NR0B1 antibody**

[Go to Product page](#)

### Overview

|              |                                      |
|--------------|--------------------------------------|
| Quantity:    | 100 µL                               |
| Target:      | NR0B1                                |
| Reactivity:  | Human                                |
| Host:        | Rabbit                               |
| Clonality:   | Polyclonal                           |
| Conjugate:   | This NR0B1 antibody is un-conjugated |
| Application: | Western Blotting (WB), ELISA         |

### Product Details

|               |                                                                                                                         |
|---------------|-------------------------------------------------------------------------------------------------------------------------|
| Purpose:      | Unconjugated Rabbit polyclonal to NR0B1                                                                                 |
| Isotype:      | IgG                                                                                                                     |
| Specificity:  | NR0B1 Polyclonal Antibody detects endogenous levels of protein.                                                         |
| Purification: | NR0B1 antibody was affinity-purified from rabbit antiserum by affinity-chromatography using epitope-specific immunogen. |

### Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | NR0B1                                    |
| Alternative Name: | NR0B1 ( <a href="#">NR0B1 Products</a> ) |
| Molecular Weight: | 51 kDa                                   |
| Gene ID:          | 190                                      |

### Target Details

|           |                                                                                                                                                                                                                                                                                 |
|-----------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| UniProt:  | <a href="#">P51843</a>                                                                                                                                                                                                                                                          |

### Application Details

|                    |                                  |
|--------------------|----------------------------------|
| Application Notes: | WB 1:500-2000 ELISA 1:5000-20000 |
| Restrictions:      | For Research Use only            |

### Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | 1 mg/mL                                                                                                                |
| Buffer:            | Liquid form in PBS containing 50 % glycerol, and 0.02 % sodium azide.                                                  |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
| Storage:           | -20 °C                                                                                                                 |
| Storage Comment:   | Store at -20°C, and avoid repeat freeze-thaw cycles.                                                                   |
