Datasheet for ABIN639351 **anti-Reticulum Cell antibody**

Overview

Quantity:	0.25 mg
Target:	Reticulum Cell
Reactivity:	Rat
Host:	Mouse
Clonality:	Monoclonal
Conjugate:	This Reticulum Cell antibody is un-conjugated
Application:	Immunohistochemistry (Frozen Sections) (IHC (fro)), ELISA

Product Details

Purpose:	Mouse Anti-Rat Reticulum cells
Purification:	Purified

Target Details

Target:	Reticulum Cell
Alternative Name:	Reticulum Cells (Reticulum Cell Products)

Application Details

Application Notes:	Immunohistology - Frozen, ELISA (dilution: 1/100 , 1/300)
Restrictions:	For Research Use only

Handling

Storage: -20 °C

Storage Comment: -20°C
