

## Datasheet for ABIN6736938 **anti-DEAF1 antibody**

[Go to Product page](#)

### Overview

|              |                                      |
|--------------|--------------------------------------|
| Quantity:    | 100 µg                               |
| Target:      | DEAF1                                |
| Reactivity:  | Human                                |
| Host:        | Mouse                                |
| Clonality:   | Monoclonal                           |
| Conjugate:   | This DEAF1 antibody is un-conjugated |
| Application: | Western Blotting (WB)                |

### Product Details

|               |                                                                                                             |
|---------------|-------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Recombinant human Deformed Epidermal Autoregulatory Factor 1.<br><br>Type of Immunogen: Recombinant protein |
| Isotype:      | IgG1                                                                                                        |
| Specificity:  | Recognizes human Deformed Epidermal Autoregulatory Factor 1.                                                |
| Purification: | Affinity purified                                                                                           |

### Target Details

|                   |                                                 |
|-------------------|-------------------------------------------------|
| Target:           | DEAF1                                           |
| Alternative Name: | NUDR / DEAF1 ( <a href="#">DEAF1 Products</a> ) |
| Background:       | Name/Gene ID: DEAF1                             |

## Target Details

|           |                                                                       |
|-----------|-----------------------------------------------------------------------|
|           | Synonyms: DEAF1, DEAF1 transcription factor, Suppressin, NUDR, ZMYND5 |
| Gene ID:  | 10522                                                                 |
| UniProt:  | <a href="#">O75398</a>                                                |
| Pathways: | <a href="#">Tube Formation</a>                                        |

## Application Details

|                    |                                                                       |
|--------------------|-----------------------------------------------------------------------|
| Application Notes: | Approved: WB (1:1000 - 1:2000)                                        |
|                    | Usage: Suitable for use in Western Blot. Western Blot: 1:1000-1:2000. |
| Comment:           | Target Species of Antibody: Human                                     |
| Restrictions:      | For Research Use only                                                 |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.4, 1 % BSA, 0.05 % sodium azide.                                                                             |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
