

## Datasheet for ABIN6737472 **anti-TAF6 antibody**

[Go to Product page](#)

### Overview

|              |                                                                            |
|--------------|----------------------------------------------------------------------------|
| Quantity:    | 100 µg                                                                     |
| Target:      | TAF6                                                                       |
| Reactivity:  | Human, Mouse, Rat                                                          |
| Host:        | Mouse                                                                      |
| Clonality:   | Monoclonal                                                                 |
| Conjugate:   | This TAF6 antibody is un-conjugated                                        |
| Application: | Western Blotting (WB), Immunoprecipitation (IP), Immunocytochemistry (ICC) |

### Product Details

|               |                                                                                                                                                 |
|---------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Recombinant human TAF6 RNA Polymerase II, TATA Box Binding Protein (TBP)-associated Factor, 80kD.<br><br>Type of Immunogen: Recombinant protein |
| Isotype:      | IgG1                                                                                                                                            |
| Specificity:  | Recognizes human TAF6 RNA Polymerase II, TATA Box Binding Protein (TBP)-associated Factor, 80kD.                                                |
| Purification: | Affinity purified                                                                                                                               |

### Target Details

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Target:           | TAF6                                             |
| Alternative Name: | TAFII70 / TAF6 ( <a href="#">TAF6 Products</a> ) |

## Target Details

|             |                                                                                                                                |
|-------------|--------------------------------------------------------------------------------------------------------------------------------|
| Background: | Name/Gene ID: TAF6<br><br>Synonyms: TAF6, TAF(II)70, TAFII80, TAF2E, TAFII70, TAFII85, TAF(II)80, TAFII-70, MGC:8964, TAFII-80 |
| Gene ID:    | 6878                                                                                                                           |
| UniProt:    | <a href="#">P49848</a>                                                                                                         |

## Application Details

|                    |                                                                                                                                                                                                                  |
|--------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Application Notes: | Approved: ICC (2 - 50 µg/mL), IP, WB (0.5 - 2 µg/mL)<br><br>Usage: Suitable for use in Western Blot, Immunoprecipitation and Immunocytochemistry.<br>Western Blot: 0.5-2 µg/mL. Immunocytochemistry: 2-50 µg/mL. |
| Comment:           | Target Species of Antibody: Human                                                                                                                                                                                |
| Restrictions:      | For Research Use only                                                                                                                                                                                            |

## Handling

|                    |                                                                                                                        |
|--------------------|------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                 |
| Concentration:     | Lot specific                                                                                                           |
| Buffer:            | PBS, pH 7.4, 1 % BSA, 0.05 % sodium azide.                                                                             |
| Preservative:      | Sodium azide                                                                                                           |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE which should be handled by trained staff only. |
