

Datasheet for ABIN6750979 **anti-PPIG antibody (Biotin)**

[Go to Product page](#)

Overview

Quantity:	100 µg
Target:	PPIG
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This PPIG antibody is conjugated to Biotin
Application:	Western Blotting (WB), ELISA

Product Details

Immunogen:	Recombinant corresponding to human Cyclophilin G. Immunogen type: Recombinant protein
Isotype:	IgG
Specificity:	Human Cyclophilin G.
Purification:	Ammonium sulfate precipitation

Target Details

Target:	PPIG
Alternative Name:	PPIG / Cyclophilin G (PPIG Products)
Background:	Synonyms : PPIG, CARS-Cyp, CARS-cyclophilin, CYP, Cyclophilin G, Clk-associating RS-cyclophilin, SCAF10, SR-cyclophilin, PPIase G, SRCyp, Peptidyl-prolyl isomerase G, Rotamase G, SR-cyp

Target Details

Gene ID:	9360
UniProt:	Q13427

Application Details

Application Notes:	ELISA, WB
Restrictions:	For Research Use only

Handling

Buffer:	10 mM PBS, PH 7.4, 0.03 % Proclin 300, 50 % glycerol
Preservative:	ProClin
Handling Advice:	Aliquot to avoid repeated freezing and thawing.
Storage:	4 °C/-20 °C
Storage Comment:	May be stored at 4 °C for short-term only.
Expiry Date:	12 months
