

## Datasheet for ABIN6751300 **anti-NFYC antibody (N-Term)**

[Go to Product page](#)

### Overview

|                      |                                                                                      |
|----------------------|--------------------------------------------------------------------------------------|
| Quantity:            | 100 µL                                                                               |
| Target:              | NFYC                                                                                 |
| Binding Specificity: | N-Term                                                                               |
| Reactivity:          | Human, Mouse, Rat, Dog, Cow, Guinea Pig, Zebrafish (Danio rerio), Rabbit, Horse, Pig |
| Host:                | Rabbit                                                                               |
| Clonality:           | Polyclonal                                                                           |
| Conjugate:           | This NFYC antibody is un-conjugated                                                  |
| Application:         | Western Blotting (WB)                                                                |

### Product Details

|               |                                                                                                                                                                                                                                                      |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide from N-Terminus of human NFYC (Q13952-3, NP_055038). Percent identity by BLAST analysis: Human, Chimpanzee, Mouse, Rat, Dog, Bovine, Rabbit, Horse, Pig, Guinea pig, Zebrafish (100%).<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Human NFYC                                                                                                                                                                                                                                           |
| Purification: | Immunoaffinity purified                                                                                                                                                                                                                              |

### Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | NFYC                                   |
| Alternative Name: | NFYC ( <a href="#">NFYC Products</a> ) |

## Target Details

|                 |                                                                                                                                                               |
|-----------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Background:     | Name/Gene ID: NFYC<br><br>Synonyms: NFYC, CBF-C, CCAAT binding factor subunit C, CBFC, H1TF2A, HAP5, HSM, Transactivator HSM-1, Transactivator HSM-1/2, NF-YC |
| Gene ID:        | 4802                                                                                                                                                          |
| NCBI Accession: | <a href="#">NP_055038</a>                                                                                                                                     |
| UniProt:        | <a href="#">Q13952</a>                                                                                                                                        |
| Pathways:       | <a href="#">Regulation of Lipid Metabolism by PPARalpha</a>                                                                                                   |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Human                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                                                                                                                                                                         |
|------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Format:          | Lyophilized                                                                                                                                                                             |
| Reconstitution:  | Distilled water                                                                                                                                                                         |
| Concentration:   | Lot specific                                                                                                                                                                            |
| Buffer:          | Lyophilized from PBS                                                                                                                                                                    |
| Storage:         | 4 °C,-20 °C                                                                                                                                                                             |
| Storage Comment: | Long term: -20°C, the use of 50% glycerol is recommended if storing aliquots in -20°C for long term use (up to 1 year)<br>Short term (less than 1 week): 4°C. Avoid freeze-thaw cycles. |
