## Datasheet for ABIN6751362 anti-RGMA antibody (AA 20-69)

### Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µL                              |
| Target:              | RGMA                                |
| Binding Specificity: | AA 20-69                            |
| Reactivity:          | Human, Mouse, Rat, Dog, Guinea Pig  |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This RGMA antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

### Product Details

|               |  |
|---------------|--|
| Immunogen:    | Synthetic peptide located between aa20-69 of mouse Rgma (Q8C4C4). Percent identity by BLAST analysis: Human, Mouse, Rat, Guinea pig (100%), Bovine, Rabbit, Horse, Pig (92%), Dog (85%).<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Mouse RGMA / RGM   |
| Purification: | Immunoaffinity purified  |

### Target Details

|                   |  |
|-------------------|--|
| Target:           | RGMA   |
| Alternative Name: | RGMA / RGM ( <a href="#">RGMA Products</a> ) |

## Target Details

|             |   |
|-------------|---|
| Background: | Name/Gene ID: RGMA<br><br>Synonyms: RGMA, Repulsive guidance molecule A, RGM, RGM domain family member A, RGM domain family, member A |
| Gene ID:    | 56963   |
| Pathways:   | <a href="#">Tube Formation</a>  |

## Application Details

|                    |  |
|--------------------|--|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Mouse                                  |
| Restrictions:      | For Research Use only  |

## Handling

|                  |   |
|------------------|---|
| Format:          | Lyophilized   |
| Reconstitution:  | Distilled water   |
| Concentration:   | Lot specific  |
| Buffer:          | Lyophilized from PBS  |
| Storage:         | 4 °C,-20 °C   |
| Storage Comment: | Long term: -20°C, the use of 50% glycerol is recommended if storing aliquots in -20°C for long term use (up to 1 year)<br><br>Short term (less than 1 week): 4°C. Avoid freeze-thaw cycles. |
