## Overview

|                      |                                             |
|----------------------|---------------------------------------------|
| Quantity:            | 100 µL                                      |
| Target:              | Taxilin beta (TXLNB)                        |
| Binding Specificity: | AA 83-132                                   |
| Reactivity:          | Human                                       |
| Host:                | Rabbit                                      |
| Clonality:           | Polyclonal                                  |
| Conjugate:           | This Taxilin beta antibody is un-conjugated |
| Application:         | Western Blotting (WB)                       |

## Product Details

|               |                                                                                                                                                                                          |
|---------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide located between aa83-132 of human TXLNB (Q8N3L3, NP_694967). Percent identity by BLAST analysis: Human, Chimpanzee (100%).<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Human TXLNB                                                                                                                                                                              |
| Purification: | Immunoaffinity purified                                                                                                                                                                  |

## Target Details

|                   |                                          |
|-------------------|------------------------------------------|
| Target:           | Taxilin beta (TXLNB)                     |
| Alternative Name: | TXLNB ( <a href="#">TXLNB Products</a> ) |
| Background:       | Name/Gene ID: TXLNB                      |

## Target Details

Synonyms: TXLNB, Beta-taxilin, DJ522B19.2, LST001, MDP77, Muscle-derived protein 77, Taxilin beta, C6orf198, HMDP77, RP3-522B19.2

Gene ID: 167838

NCBI Accession: [NP\\_694967](#)

UniProt: [Q8N3L3](#)

## Application Details

Application Notes: Approved: WB (1 µg/mL)

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

Format: Lyophilized

Reconstitution: Distilled water

Concentration: Lot specific

Buffer: Lyophilized from PBS, 2 % sucrose.

Storage: 4 °C,-20 °C

Storage Comment: Long term: -20°C, the use of 50% glycerol is recommended if storing aliquots in -20°C for long term use (up to 1 year)

Short term (less than 1 week): 4°C. Avoid freeze-thaw cycles.
