## Overview

|                      |                                      |
|----------------------|--------------------------------------|
| Quantity:            | 100 µL                               |
| Target:              | THEM6                                |
| Binding Specificity: | AA 108-157                           |
| Reactivity:          | Human, Mouse                         |
| Host:                | Rabbit                               |
| Clonality:           | Polyclonal                           |
| Conjugate:           | This THEM6 antibody is un-conjugated |
| Application:         | Western Blotting (WB)                |

## Product Details

|               |                                                                                                                                                                                  |
|---------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide located between aa108-157 of mouse THEM6 (Q80ZW2, NP_941009).<br>Percent identity by BLAST analysis: Mouse (100%).<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Mouse THEM6 / C8orf55                                                                                                                                                            |
| Purification: | Immunoaffinity purified                                                                                                                                                          |

## Target Details

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Target:           | THEM6                                              |
| Alternative Name: | THEM6 / C8orf55 ( <a href="#">THEM6 Products</a> ) |
| Background:       | Name/Gene ID: THEM6                                |

## Target Details

|                 |                                                                                  |
|-----------------|----------------------------------------------------------------------------------|
|                 | Synonyms: THEM6, DSCD75, UPF0670 protein C8orf55, UPF0670 protein THEM6, C8orf55 |
| Gene ID:        | 51337                                                                            |
| NCBI Accession: | <a href="#">NP_941009</a>                                                        |

## Application Details

|                    |                                                                    |
|--------------------|--------------------------------------------------------------------|
| Application Notes: | Optimal working dilution should be determined by the investigator. |
| Comment:           | Target Species of Antibody: Mouse                                  |
| Restrictions:      | For Research Use only                                              |

## Handling

|                  |                                      |
|------------------|--------------------------------------|
| Format:          | Lyophilized                          |
| Reconstitution:  | Distilled water                      |
| Concentration:   | Lot specific                         |
| Buffer:          | Lyophilized from PBS, 2 % sucrose.   |
| Storage:         | 4 °C,-20 °C                          |
| Storage Comment: | Short term: 4°C<br>Long term: -20°C. |
