## Overview

|                      |                                     |
|----------------------|-------------------------------------|
| Quantity:            | 100 µL                              |
| Target:              | MAP9                                |
| Binding Specificity: | AA 255-304                          |
| Reactivity:          | Human                               |
| Host:                | Rabbit                              |
| Clonality:           | Polyclonal                          |
| Conjugate:           | This MAP9 antibody is un-conjugated |
| Application:         | Western Blotting (WB)               |

## Product Details

|               |                                                                                                                                                                           |
|---------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Immunogen:    | Synthetic peptide located between aa255-304 of human MAP9 (Q49MG5). Percent identity by BLAST analysis: Human, Gibbon (100%).<br><br>Type of Immunogen: Synthetic peptide |
| Specificity:  | Human MAP9                                                                                                                                                                |
| Purification: | Immunoaffinity purified                                                                                                                                                   |

## Target Details

|                   |                                        |
|-------------------|----------------------------------------|
| Target:           | MAP9                                   |
| Alternative Name: | MAP9 ( <a href="#">MAP9 Products</a> ) |
| Background:       | Name/Gene ID: MAP9                     |

## Target Details

---

Synonyms: MAP9, Aster-associated protein, ASAP

Gene ID: 79884

## Application Details

---

Application Notes: Optimal working dilution should be determined by the investigator.

Comment: Target Species of Antibody: Human

Restrictions: For Research Use only

## Handling

---

Format: Lyophilized

Reconstitution: Distilled water

Concentration: Lot specific

Buffer: Lyophilized from PBS, 2 % sucrose.

Storage: 4 °C,-20 °C

Storage Comment: Short term: 4°C  
Long term: -20°C.
