## Overview

|              |                                                                                     |
|--------------|-------------------------------------------------------------------------------------|
| Quantity:    | 200 µL                                                                              |
| Target:      | LIN28A                                                                              |
| Reactivity:  | Human                                                                               |
| Host:        | Mouse                                                                               |
| Clonality:   | Monoclonal                                                                          |
| Conjugate:   | This LIN28A antibody is conjugated to FITC                                          |
| Application: | Western Blotting (WB), ELISA, Immunohistochemistry (IHC), Immunocytochemistry (ICC) |

## Product Details

|               |                                                                 |
|---------------|-----------------------------------------------------------------|
| Immunogen:    | Recombinant human LIN28A.<br>ImmunogenType: Recombinant protein |
| Clone:        | 55CT58-12-1                                                     |
| Isotype:      | IgG1 kappa                                                      |
| Specificity:  | Human LIN28A / LIN28.                                           |
| Purification: | Protein G purified                                              |

## Target Details

|                   |                                                                                              |
|-------------------|----------------------------------------------------------------------------------------------|
| Target:           | LIN28A                                                                                       |
| Alternative Name: | LIN28A / LIN28 ( <a href="#">LIN28A Products</a> )                                           |
| Background:       | Synonyms: LIN28A, CSDD1, Lin-28 homolog (C. elegans), LIN-28, Lin-28A, LIN28, Protein lin-28 |

## Target Details

|           |                                                                              |
|-----------|------------------------------------------------------------------------------|
|           | homolog A, Lin-28 homolog A (C. elegans), ZCCHC1, RNA-binding protein LIN-28 |
| Gene ID:  | 79727                                                                        |
| Pathways: | <a href="#">Stem Cell Maintenance</a>                                        |

## Application Details

|               |                       |
|---------------|-----------------------|
| Restrictions: | For Research Use only |
|---------------|-----------------------|

## Handling

|                    |                                                                                                                                      |
|--------------------|--------------------------------------------------------------------------------------------------------------------------------------|
| Format:            | Liquid                                                                                                                               |
| Buffer:            | PBS, pH 7.2, 0.09% sodium azide.                                                                                                     |
| Preservative:      | Sodium azide                                                                                                                         |
| Precaution of Use: | This product contains Sodium azide: a POISONOUS AND HAZARDOUS SUBSTANCE, which should be handled by trained staff only.              |
| Storage:           | 4 °C                                                                                                                                 |
| Storage Comment:   | May be stored at 4°C for short-term only. For long-term storage, store at -20°C. Aliquots are stable for at least 6 months at -20°C. |
