Datasheet for ABIN6811025
anti-Aldolase antibody (Alexa Fluor 488)

Overview

Quantity:	100 µL
Target:	Aldolase (ALD)
Reactivity:	Human, Mouse, Rat, Zebrafish (Danio rerio)
Host:	Rabbit
Clonality:	Monoclonal
Conjugate:	This Aldolase antibody is conjugated to Alexa Fluor 488
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine), Rat (Rattus), Zebrafish (Danio rerio)
Characteristics:	Aldolase Conjugated Antibody

Target Details

Target:	Aldolase (ALD)
Alternative Name:	Aldolase (ALD Products)

Application Details

Application Notes:	AF488 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
