## Recombinant anti-DNM2 antibody (Alexa Fluor 488)

[Go to Product page](#)

### Overview

|                |                                                     |
|----------------|-----------------------------------------------------|
| Quantity:      | 100 µL                                              |
| Target:        | DNM2                                                |
| Reactivity:    | Human                                               |
| Host:          | Rabbit                                              |
| Antibody Type: | Recombinant Antibody                                |
| Clonality:     | Monoclonal                                          |
| Conjugate:     | This DNM2 antibody is conjugated to Alexa Fluor 488 |
| Application:   | Please inquire                                      |

### Product Details

|                   |                               |
|-------------------|-------------------------------|
| Cross-Reactivity: | Human                         |
| Characteristics:  | Dynamin 2 Conjugated Antibody |

### Target Details

|                   |                                              |
|-------------------|----------------------------------------------|
| Target:           | DNM2                                         |
| Alternative Name: | Dynamin 2 ( <a href="#">DNM2 Products</a> )  |
| Pathways:         | <a href="#">Toll-Like Receptors Cascades</a> |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF488 conjugated: most applications: 1: 50 - 1: 250 |
|--------------------|-----------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
