Datasheet for ABIN6813922
anti-NRK antibody (Alexa Fluor 488)

Overview

Quantity:	100 µL
Target:	NRK
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This NRK antibody is conjugated to Alexa Fluor 488
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	NRK Conjugated Antibody

Target Details

Target:	NRK
Alternative Name:	NRK (NRK Products)

Application Details

Application Notes:	AF488 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
