

Datasheet for ABIN6816196

anti-MPRIP antibody (pSer232) (Alexa Fluor 488)[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	MPRIP
Binding Specificity:	pSer232
Reactivity:	Mouse, Rat
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This MPRIP antibody is conjugated to Alexa Fluor 488
Application:	Please inquire

Product Details

Cross-Reactivity:	Mouse (Murine), Rat (Rattus)
Characteristics:	RIP3 (Phospho- S232) Conjugated Antibody

Target Details

Target:	MPRIP
Alternative Name:	RIP3 (MPRIP Products)

Application Details

Application Notes:	AF488 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage:	4 °C
Storage Comment:	Store at 4°C for 6 months.
