

Datasheet for ABIN6817652

**anti-ARPC5L antibody (Alexa Fluor 488)**[Go to Product page](#)

## Overview

|              |                                                       |
|--------------|-------------------------------------------------------|
| Quantity:    | 100 µL                                                |
| Target:      | ARPC5L                                                |
| Reactivity:  | Human, Rat, Mouse                                     |
| Host:        | Rabbit                                                |
| Clonality:   | Polyclonal                                            |
| Conjugate:   | This ARPC5L antibody is conjugated to Alexa Fluor 488 |
| Application: | Please inquire                                        |

## Product Details

|                   |                                     |
|-------------------|-------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus) |
| Characteristics:  | ARPC5L Conjugated Antibody          |

## Target Details

|                   |                                                             |
|-------------------|-------------------------------------------------------------|
| Target:           | ARPC5L                                                      |
| Alternative Name: | ARPC5L ( <a href="#">ARPC5L Products</a> )                  |
| Pathways:         | <a href="#">Regulation of Actin Filament Polymerization</a> |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF488 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
