Datasheet for ABIN6822449  
**anti-GAL antibody (Alexa Fluor 488)**

### Overview

Quantity:	100 µL
Target:	GAL
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This GAL antibody is conjugated to Alexa Fluor 488
Application:	Please inquire

### Product Details

Cross-Reactivity:	Human
Characteristics:	GAL Conjugated Antibody

### Target Details

Target:	GAL
Alternative Name:	GAL ( <a href="#">GAL Products</a> )
Pathways:	<a href="#">Hormone Transport</a> , <a href="#">Regulation of Hormone Metabolic Process</a> , <a href="#">Feeding Behaviour</a>

### Application Details

Application Notes:	AF488 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
