

Datasheet for ABIN6822571

**Recombinant anti-HMOX1 antibody (Alexa Fluor 488)**[Go to Product page](#)

## Overview

|                |                                                      |
|----------------|------------------------------------------------------|
| Quantity:      | 100 µL                                               |
| Target:        | HMOX1                                                |
| Reactivity:    | Human, Mouse                                         |
| Host:          | Rabbit                                               |
| Antibody Type: | Recombinant Antibody                                 |
| Clonality:     | Monoclonal                                           |
| Conjugate:     | This HMOX1 antibody is conjugated to Alexa Fluor 488 |
| Application:   | Please inquire                                       |

## Product Details

|                   |                                            |
|-------------------|--------------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine)                      |
| Characteristics:  | Heme Oxygenase 1(HO-1) Conjugated Antibody |

## Target Details

|                   |                                                                                                                                                                                                                                                                                                      |
|-------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | HMOX1                                                                                                                                                                                                                                                                                                |
| Alternative Name: | Heme Oxygenase 1 (HMOX1 Products)                                                                                                                                                                                                                                                                    |
| Pathways:         | <a href="#">Transition Metal Ion Homeostasis</a> , <a href="#">Regulation of Leukocyte Mediated Immunity</a> , <a href="#">Positive Regulation of Immune Effector Process</a> , <a href="#">Production of Molecular Mediator of Immune Response</a> , <a href="#">SARS-CoV-2 Protein Interactome</a> |

Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF488 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
