### Overview

|                      |                                                       |
|----------------------|-------------------------------------------------------|
| Quantity:            | 100 µL                                                |
| Target:              | MAP3K8                                                |
| Binding Specificity: | pThr290                                               |
| Reactivity:          | Human, Rat, Mouse                                     |
| Host:                | Rabbit                                                |
| Clonality:           | Polyclonal                                            |
| Conjugate:           | This MAP3K8 antibody is conjugated to Alexa Fluor 488 |
| Application:         | Please inquire                                        |

### Product Details

|                   |                                           |
|-------------------|-------------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus)       |
| Characteristics:  | TPL2 (phospho-Thr290) Conjugated Antibody |

### Target Details

|                   |                                                                    |
|-------------------|--------------------------------------------------------------------|
| Target:           | MAP3K8                                                             |
| Alternative Name: | TPL2 ( <a href="#">MAP3K8 Products</a> )                           |
| Pathways:         | <a href="#">PI3K-Akt Signaling</a> , <a href="#">TCR Signaling</a> |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF488 conjugated: most applications: 1: 50 - 1: 250 |
|--------------------|-----------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
