

Datasheet for ABIN6826084

anti-MEDAG antibody (Alexa Fluor 488)[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	MEDAG
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This MEDAG antibody is conjugated to Alexa Fluor 488
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	MEDAG Conjugated Antibody

Target Details

Target:	MEDAG
Alternative Name:	MEDAG (MEDAG Products)

Application Details

Application Notes:	AF488 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage:	4 °C
----------	------

Storage Comment:	Store at 4°C for 6 months.
