## anti-Major Urinary Protein 19 (MUP19) antibody (Alexa Fluor 488)

[Go to Product page](#)

### Overview

Quantity: 100 µL

Target: Major Urinary Protein 19 (MUP19)

Reactivity: Mouse

Host: Rabbit

Clonality: Polyclonal

Conjugate: Alexa Fluor 488

Application: Please inquire

### Product Details

Cross-Reactivity: Mouse (Murine)

Characteristics: Major urinary proteins 11 and 8 Polyclonal Conjugated Antibody

### Target Details

Target: Major Urinary Protein 19 (MUP19)

Alternative Name: Major urinary proteins 11 and 8 ([MUP19 Products](#))

### Application Details

Application Notes: AF488 conjugated: most applications: 1: 50 - 1: 250

Restrictions: For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
