

Datasheet for ABIN6827358

**anti-beta Synuclein antibody (Alexa Fluor 594)**[Go to Product page](#)

## Overview

|              |                                                               |
|--------------|---------------------------------------------------------------|
| Quantity:    | 100 µL                                                        |
| Target:      | beta Synuclein (SNCB)                                         |
| Reactivity:  | Human, Mouse, Rat                                             |
| Host:        | Rabbit                                                        |
| Clonality:   | Polyclonal                                                    |
| Conjugate:   | This beta Synuclein antibody is conjugated to Alexa Fluor 594 |
| Application: | Please inquire                                                |

## Product Details

|                   |                                     |
|-------------------|-------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus) |
| Characteristics:  | Synuclein beta Conjugated Antibody  |

## Target Details

|                   |                                                  |
|-------------------|--------------------------------------------------|
| Target:           | beta Synuclein (SNCB)                            |
| Alternative Name: | Synuclein beta ( <a href="#">SNCB Products</a> ) |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF594 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
