

Datasheet for ABIN6830210

## anti-PKC zeta antibody (pThr410) (Alexa Fluor 594)

[Go to Product page](#)

### Overview

|                      |                                                         |
|----------------------|---------------------------------------------------------|
| Quantity:            | 100 µL                                                  |
| Target:              | PKC zeta (PRKCZ)                                        |
| Binding Specificity: | pThr410                                                 |
| Reactivity:          | Human, Mouse, Rat                                       |
| Host:                | Rabbit                                                  |
| Clonality:           | Polyclonal                                              |
| Conjugate:           | This PKC zeta antibody is conjugated to Alexa Fluor 594 |
| Application:         | Please inquire                                          |

### Product Details

|                   |                                             |
|-------------------|---------------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus)         |
| Characteristics:  | PKCzeta(Phospho-Thr410) Conjugated Antibody |

### Target Details

|                   |                                                                                                                                                                                                                                                                                                                                                                                                                                                                          |
|-------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Target:           | PKC zeta (PRKCZ)                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Alternative Name: | PKCzeta ( <a href="#">PRKCZ Products</a> )                                                                                                                                                                                                                                                                                                                                                                                                                               |

Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF594 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
