

Datasheet for ABIN6831375
anti-BVES antibody (Alexa Fluor 594)

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	BVES
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This BVES antibody is conjugated to Alexa Fluor 594
Application:	Please inquire

Product Details

Cross-Reactivity:	Human
Characteristics:	BVES Conjugated Antibody

Target Details

Target:	BVES
Alternative Name:	BVES (BVES Products)

Application Details

Application Notes:	AF594 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage:	4 °C
----------	------

Storage Comment:	Store at 4°C for 6 months.
