

Datasheet for ABIN6831852 **anti-AMH antibody (Alexa Fluor 594)**

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	AMH
Reactivity:	Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This AMH antibody is conjugated to Alexa Fluor 594
Application:	Please inquire

Product Details

Cross-Reactivity:	Mouse (Murine)
Characteristics:	Muellerian-inhibiting factor Polyclonal Conjugated Antibody

Target Details

Target:	AMH
Alternative Name:	Muellerian-inhibiting factor (AMH Products)
Pathways:	Negative Regulation of Hormone Secretion

Application Details

Application Notes:	AF594 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage:	4 °C
Storage Comment:	Store at 4°C for 6 months.
