

Datasheet for ABIN6836258

## anti-p130 antibody (pThr642) (Alexa Fluor 594)

[Go to Product page](#)

### Overview

|                      |                                                     |
|----------------------|-----------------------------------------------------|
| Quantity:            | 100 µL                                              |
| Target:              | p130 (RBL2)                                         |
| Binding Specificity: | pThr642                                             |
| Reactivity:          | Human, Rat, Mouse                                   |
| Host:                | Rabbit                                              |
| Clonality:           | Polyclonal                                          |
| Conjugate:           | This p130 antibody is conjugated to Alexa Fluor 594 |
| Application:         | Please inquire                                      |

### Product Details

|                   |                                           |
|-------------------|-------------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus)       |
| Characteristics:  | RBL2 (Phospho-Thr642) Conjugated Antibody |

### Target Details

|                   |                                                             |
|-------------------|-------------------------------------------------------------|
| Target:           | p130 (RBL2)                                                 |
| Alternative Name: | RBL2 ( <a href="#">RBL2 Products</a> )                      |
| Pathways:         | <a href="#">Cell Division Cycle, Mitotic G1-G1/S Phases</a> |

### Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF594 conjugated: most applications: 1: 50 - 1: 250 |
|--------------------|-----------------------------------------------------|

Application Details

Restrictions: For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
