

Datasheet for ABIN6838307

**Recombinant anti-Fission 1 antibody (Alexa Fluor 594)**[Go to Product page](#)

## Overview

|                |                                                          |
|----------------|----------------------------------------------------------|
| Quantity:      | 100 µL                                                   |
| Target:        | Fission 1 (FIS1)                                         |
| Reactivity:    | Human                                                    |
| Host:          | Rabbit                                                   |
| Antibody Type: | Recombinant Antibody                                     |
| Clonality:     | Monoclonal                                               |
| Conjugate:     | This Fission 1 antibody is conjugated to Alexa Fluor 594 |
| Application:   | Please inquire                                           |

## Product Details

|                   |                           |
|-------------------|---------------------------|
| Cross-Reactivity: | Human                     |
| Characteristics:  | TTC11 Conjugated Antibody |

## Target Details

|                   |                                                               |
|-------------------|---------------------------------------------------------------|
| Target:           | Fission 1 (FIS1)                                              |
| Alternative Name: | TTC11 ( <a href="#">FIS1 Products</a> )                       |
| Pathways:         | <a href="#">Positive Regulation of Endopeptidase Activity</a> |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF594 conjugated: most applications: 1: 50 - 1: 250 |
|--------------------|-----------------------------------------------------|

Application Details

---

Restrictions: For Research Use only

Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
