

Datasheet for ABIN6838797
anti-AATK antibody (Alexa Fluor 594)

[Go to Product page](#)

Overview

Quantity:	100 µL
Target:	AATK
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This AATK antibody is conjugated to Alexa Fluor 594
Application:	Please inquire

Product Details

Cross-Reactivity:	Human
Characteristics:	AATK Conjugated Antibody

Target Details

Target:	AATK
Alternative Name:	AATK (AATK Products)
Pathways:	RTK Signaling, Regulation of Cell Size

Application Details

Application Notes:	AF594 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
