Datasheet for ABIN6840720
anti-SPDYA antibody (Alexa Fluor 594)

Overview

Quantity:	100 µL
Target:	SPDYA
Reactivity:	Human, Rat, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This SPDYA antibody is conjugated to Alexa Fluor 594
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine), Rat (Rattus)
Characteristics:	SPDYA Conjugated Antibody

Target Details

Target:	SPDYA
Alternative Name:	SPDYA (SPDYA Products)

Application Details

Application Notes:	AF594 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
