Datasheet for ABIN6842135  
**anti-LRBA antibody (Alexa Fluor 594)**

### Overview

Quantity:	100 µL
Target:	LRBA
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This LRBA antibody is conjugated to Alexa Fluor 594
Application:	Please inquire

### Product Details

Cross-Reactivity:	Human
Characteristics:	Lipopolysaccharide-responsive and beige-like anchor protein Polyclonal Conjugated Antibody

### Target Details

Target:	LRBA
Alternative Name:	Lipopolysaccharide-responsive and beige-like anchor protein ( <a href="#">LRBA Products</a> )

### Application Details

Application Notes:	AF594 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
