

Datasheet for ABIN6842155  
**anti-Major Urinary Protein 19 (MUP19) antibody (Alexa Fluor  
594)**

[Go to Product page](#)

## Overview

Quantity:	100 µL
Target:	Major Urinary Protein 19 (MUP19)
Reactivity:	Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	Alexa Fluor 594
Application:	Please inquire

## Product Details

Cross-Reactivity:	Mouse (Murine)
Characteristics:	Major urinary proteins 11 and 8 Polyclonal Conjugated Antibody

## Target Details

Target:	Major Urinary Protein 19 (MUP19)
Alternative Name:	Major urinary proteins 11 and 8 ( <a href="#">MUP19 Products</a> )

## Application Details

Application Notes:	AF594 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

## Handling

---

Storage: 4 °C

---

Storage Comment: Store at 4°C for 6 months.
