Datasheet for ABIN6842333
anti-FUOM antibody (Alexa Fluor 594)

Overview

Quantity:	100 µL
Target:	FUOM
Reactivity:	Human
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	This FUOM antibody is conjugated to Alexa Fluor 594
Application:	Please inquire

Product Details

Cross-Reactivity:	Human
Characteristics:	FUOM Conjugated Antibody

Target Details

Target:	FUOM
Alternative Name:	FUOM (FUOM Products)

Application Details

Application Notes:	AF594 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
