Datasheet for ABIN6842475

anti-Vesicle Transport Protein SFT2B (SFT2B) antibody (Alexa Fluor 594)

Overview

Quantity:	100 µL
Target:	Vesicle Transport Protein SFT2B (SFT2B)
Reactivity:	Human, Mouse
Host:	Rabbit
Clonality:	Polyclonal
Conjugate:	Alexa Fluor 594
Application:	Please inquire

Product Details

Cross-Reactivity:	Human, Mouse (Murine)
Characteristics:	SFT2B Conjugated Antibody

Target Details

Target:	Vesicle Transport Protein SFT2B (SFT2B)
Alternative Name:	SFT2B (SFT2B Products)

Application Details

Application Notes:	AF594 conjugated: most applications: 1: 50 - 1: 250
Restrictions:	For Research Use only

Handling

Storage: 4 °C

Storage Comment: Store at 4°C for 6 months.
