

Datasheet for ABIN6844561

**Recombinant anti-Pkc beta 1 antibody (Alexa Fluor 647)**[Go to Product page](#)

## Overview

|                |                                                           |
|----------------|-----------------------------------------------------------|
| Quantity:      | 100 µL                                                    |
| Target:        | Pkc beta 1                                                |
| Reactivity:    | Rat, Human, Mouse                                         |
| Host:          | Rabbit                                                    |
| Antibody Type: | Recombinant Antibody                                      |
| Clonality:     | Monoclonal                                                |
| Conjugate:     | This Pkc beta 1 antibody is conjugated to Alexa Fluor 647 |
| Application:   | Please inquire                                            |

## Product Details

|                   |                                     |
|-------------------|-------------------------------------|
| Cross-Reactivity: | Human, Mouse (Murine), Rat (Rattus) |
| Characteristics:  | PKC beta 1 Conjugated Antibody      |

## Target Details

|                   |                                                    |
|-------------------|----------------------------------------------------|
| Target:           | Pkc beta 1                                         |
| Alternative Name: | PKC beta 1 ( <a href="#">Pkc beta 1 Products</a> ) |

## Application Details

|                    |                                                     |
|--------------------|-----------------------------------------------------|
| Application Notes: | AF647 conjugated: most applications: 1: 50 - 1: 250 |
| Restrictions:      | For Research Use only                               |

Handling

---

|                  |                            |
|------------------|----------------------------|
| Storage:         | 4 °C                       |
| Storage Comment: | Store at 4°C for 6 months. |
